SUBJECT - Block Level Survey of Bangalore City
and surrounding area

Referring to the correspondence ending with your D O. letter No L. 7735 dated the 25th November 1946 conveying the approval of Government pending the issue of formal orders, to take action to get the Airmosaic prepared of the entire Bangalore City and the surroundings, I have the honour to state that it is ascertained that owing to weather conditions, the aerial photographs of Bangalore and its surroundings could not be taken in November last when the plane had arrived here.

2 From a copy of the telegram received today from Messrs I A S & T Co , Dum, Dum, to the Director, Southern Circle, Bangalore, (copy enclosed), it is seen that the plane will be proceeding northward about the 17th instant and that it will be going thereafter to the south for our work.

3 A further report as to the action taken by the Survey of India Party will be intimated in due course. In the meantime, I request that formal sanction of Government may kindly be obtained to the proposals contained in this

→ already sanctioned off //

Bangalore

Date February 12, 1947.

B MALLARADHYA, Esq, M A,
Secretary to Government of Mysore,
Revenue Department, Bangalore

Air Mosaic - Block Level Survey - Bangalore and surrounding areas -

Adverting to Government Order No. L. 10163-8 Ml.

13-46-63 dated the 17th January 1947, sanctioning the proposals of the Board to have the Ariel Photograph and Mosaic of Bangalore and its surroundings involving an extent of 84³⁴ sq miles at an estimated cost of Rs 10,500/-, I have the honour to state that it was originally considered that the area to be photographed was 85 sq miles. On actual measurement by the Director, Southern Circle, Survey of India, it was found that the area was 113 sq miles. The Government Architect was contacted and an area of 84³⁴ sq miles coming within the green lines in the accompanying map was marked out to be photographed, so that the area may be within sanction of 85 sq miles, under the letter of Government above referred to.

~~The following area is proposed to be photographed:~~

Myself, the Government Architect and Mr. M. Narasimhaiah, Chief Engineer for Irrigation feel that it would be advantageous if the remaining area of 28.66 sq miles also is photographed as in course of time this area also may come within our layout schemes. Another advantage is that the cost, to get the Plane at a later date, when required, for having the air photograph separately for this area, could be saved if this area is also taken up along with the sanctioned area. In these circumstances, I request that sanction of Government may kindly be obtained very early to have the air photograph of this additional extent of 28.66 sq miles at Rs 109-8-0 per sq mile involving an additional cost of Rs 3,138-4-0 or Rs 3,138.

The total cost of having the entire area of 113 sq.miles photographed comes to Rs 14,373-8-0 or Rs 14,374/- In the Government Order under advertance conveying sanction to the proposal of the Board to have an ariel photograph of the City and suburbs of an area of 85 sq miles there is a direction that the cost of the work amounting to about Rs 10,500/- be met 'out of the provision made in the State Budget under the Bangalore City Improvement Trust Board for the current year' The wording of the order has reference to the 'State Budget' and not to the 'Trust Board Budget' As no provision is made in the Budget for the air photograph, I request that sanction may kindly be accorded to meet the entire

--2--

cost viz Rs 14,374/- for the total extent of 113 sq. miles by reappropriation from out of the balance of Rs.35,400/-, that will be left over after after utilising a sum of Rs.30,600/- for the construction of Tenemantal quarters in Kumara Park West Extension as per your letter No L.10988 Ml.13-40-68 dated 6th February 1947, (copy enclosed), out of the total sum of Rs 66,000/- provided out of Government grants for the remaining works in the Kumara Park and Wilson Garden Extensions.

* fg K. A map showing in green line the extent of 84.34 sq miles coming within the 85 sq miles for the photography of which sanction has been already accorded, and The area shown in red line the additional extent of 28 66 sq miles for which sanction is now solicited is obtained from the Director, Southern Circle, Survey of India and enclosed for favour of reference and return.

As the Plane is expected to be here in the course of two days ~~of the current month~~, I request that immediate sanction may be obtained to have the entire extent of 113 sq miles photographed and to meet the cost of the work amounting to Rs.14,374/- from the source pointed out above

The matter may be treated as very urgent

I have the honour to be,
Sir,
Your most obedient servant,

G. N. Narain/Adnan
